Name _____ Date _____

History · Explorers and maps

Who Are Explorers?

Read the big idea. Then circle true or false.

Explorers

Explorers are people who travel to places that are new to them, to learn about the land, the people and the way to get there. Long ago, there were no planes or phones. Explorers travelled on foot, on camels and horses, and in sailing ships. Their notes and maps helped others follow. Most places they reached already had people living there.

1. Explorers travel to learn about new places. True False

2. Long ago, explorers travelled by plane. True False

3. Explorers made notes and maps. True False

4. Most places explorers reached had no people. True False

5. Sailing ships were used by explorers. True False

Name _____ Date _____

History · Explorers and maps

Old Maps and New Maps

Read the rule. Then circle old map or new map.

Old maps were drawn by hand from what travellers said. They had wrong shapes and blank spaces for lands nobody had mapped, and sometimes pictures of sea monsters. Today, maps are made using photos from satellites, so they are very exact, and we can see them on a phone.

1.  has pictures of sea monsters — old map / new map

2.  made from satellite photos — old map / new map

3.  drawn by hand on a scroll — old map / new map

4.  shows your place with a blue dot — old map / new map

5.  has blank spaces for unknown lands — old map / new map

6.  lets you zoom in on any street — old map / new map
